## A CARD.

THE S. S. WHITE DENTAL MANUFACTURING CO. would respectfully say to the public that whilst they do not usually advertise through the public press to any extent because their business is almost entirely transacted with the dentists as a profession, or with houses selling dental supplies, and these being all reached by journals specially treating on subjects that more immediately interest dentists.

## YET THERE IS ONE

Very important Department of our manufactures that is of deep interest to every human being, and that is the manufacture of "specialties for the mouth and teeth." Originally these were made by us only to sell to dentists and through them to their patients, but in a half century of time the demand for them has gone away beyond our original purpose or idea, and they are sold now almost the world over.

In Atlanta one can obtain any of our Tooth Preparations, Mouth Specialties, Tooth Brushes, or any article made by us from any of the following drug-houses.

Brown & Allen,  
Jacobs' Pharmacy.  
Elkin-Watson Drug Co.,  
Hammack-Lucas Co.,

Chas. O. Tyner Drug Co.,  
Benjamin's Pharmacy,  
Stovall-Smith Drug Co.,  
DeLamater & Todd.

Or they can be obtained from us direct at our Dental Depot, 815 to 829 Prudential Building.

Catalogues supplied on request, and these contain many valuable hints as to the mouth preparations made especially for specific conditions as well as for general use in the mouth.
